## 2016 东德论坛

**2016-12-10 Dresden**

Chinese-German Chemical Association (CGCA®)  
Gemeinschaft Chinesischer Chemiker und Chemieingenieure in  
Deutschland e.V. (Köln VR 17428)

## **Welcome:**

It is our great pleasure to welcome you to the CGCA-East forum this year, which will be held in Dresden.

Chinese-German Chemical Association (CGCA) is a non-profit Chinese academic organization of chemistry, chemical engineering and related fields, with members who are currently studying and working in Germany. For more information, please visit us at [www.CGCA.de](http://www.CGCA.de).

This year we have invited Chinese scholars from Dresden, Jena, and Leipzig to present their work in chemistry related research fields in CGCA-East forum. More than 40 scientists from Leipzig, Dresden, Berlin, Jena and Magdeburg will attend the forum. Apart from research talks, we will also have a session to discuss about common issues that overseas Chinese scholars face in their daily life, and to exchange ideas with each other.

We wish you a fruitful and wonderful time at the forum and a pleasant stay in Dresden.
